The **760 Narrow Stile Multi-Slider** is designed to be a bottom rolling multi-track system. The newly designed interlock gives you the ability to add or remove panels based on your application. Large span openings can easily be filled with the **760 Narrow Stile Multi-Slider**. With heavy-duty tandem rollers installed it gives you the feeling of a smooth effortless glide over the bottom track. FHC will fabricate the slider to your dimensions to make sure it is a perfect fit. Custom colors are available.
