- Door Rails With Locks are Supplied Prepped and Installed, Keyed Cylinders, and Thumbturns are Sold Separately
- FHC Follows GANA Guidelines for Maximum Door Height and Widths. Reference the FHC Herc-Door Sizing Guidelines.

#### CARE & CLEANING

Brushed Stainless Steel, Polished Stainless Steel or Class 1 Anodized Finishes should be cleaned with a foam spray cleaner, such as: FHC GW19 Ammonia Free Cleaner. GW19 cleaner will assist with removing fingerprints, grease and water splatter. GW19 cleaner will also preserve the durable factory finish and can be wiped with a clean, dry cloth. FHC Lint Free Shop Wipes FHC3255 are recommended. These high performance wipes maintain their strength wet or dry and will not scratch the surface.
