FHC Steincraft® 8600 Series Frameless Glass Entrance System is the choice of designers and architects when more glass and less metal is desired. The FHC Steincraft® System is made from the smallest profile of stainless steel rails in the glazing industry. The units come fully glazed from the factory, ready to install. Complete systems with matching sidelites are available in four architectural finishes; polished stainless, brushed stainless, oil rubbed bronze, and matte black. Contact FHC's experienced Technical Sales Department today to discuss your next project at (888) 295-4531.
